

21/0825/FUL – 6 Marsh Green Road North Exeter Devon EX2 8NY

Dear Laura Dymond,

I am writing on behalf of Exeter Cycling Campaign in response to the planning application for an indoor climbing centre at 6 Marsh Green Road. I was pleased to note that the proposal includes adding covered parking, using 12 cycle hoops, for a capacity of 24 bikes near the entrance to the building. Along with providing showers, lockers, and changing facilities, the facility should meet the requirements for cycle parking set out in Exeter City Council's Sustainable Transport Supplementary Planning Document (*sections 5.4 and 5.5*). It should be ensured that cycle storage should conform to the security standards recommended by Devon & Cornwall Police. The cycle spaces should also be lit at night with vandal resistant fittings and energy efficient lights.

Subject to the above we would support the application.

Yours sincerely,

Paul Grieve

for and on behalf of:
