**18/02234/OUT Outline - Dwelling (all matters reserved for future consideration)**

24<sup>th</sup> November 2019

Dear Sir / Madam,

The Exeter Cycling Campaign would like to submit an objection to the outline planning application noted above due to the lack of cycle parking provision.

It is noted that in the application form under point 10 – Vehicle Parking, only the box in relation to parking for ‘cars’ is ticked, indicating no intention to include cycle parking.

As this is a very small development (only two properties), we do not believe this development will have a significant impact on the traffic levels through Dawlish road, although would like to see consideration being given to closing this road to through traffic in the future, to improve safety for those walking and cycling.

If secure and high-quality cycle parking can be included in the plans we will happily remove our objection to this outline planning application.

Kind regards,

Alex Tait

for and on behalf of:
